OLYMPUS Your Vision, Our Future

HLD-4

- Power for extended use
- Dust- & splashproof
- Ideal for portrait shooting
- Holds 2x BLM-1

Extended power and flexibility

This HLD-4 power battery holder extends the using time and offers more flexibility in portrait shooting with an additional shutter button, two dials (back and front) and two further buttons at the back of the HLD-4. Therefore taking vertical photos becomes a breeze with the attachable HLD-4 and it is a perfect companion for professional use.
